REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary Dated December 21, 2007: "As required by law, Twelve Oaks Medical Center billed its usual and customary charges for its services. The total sum billed was \$44,225.65...Broadspire's payment was received by the Hospital, in the amount of \$7,494.07, on a contract rate of \$44,225.65...such payment was **not** made in accordance with either DWC guidelines or the FOCUS contract...This bill is in excess of the \$40,000 stop-loss threshold. Implants are not to be paid at cost plus ten percent (10%), as applicable to lesser per diem claims. ACIHFG defines fair and reasonable payment as calculated at 75% for the entire admission (\$58,967.53 x 75% = \$44,225.65). The FOCUS contract is based strictly upon the DWC rate, with no additional reduction, leaving a remaining balance due of \$36,731.58 under the FOCUS contract...It is the position of Twelve Oaks Medical Center that all charges relating to the admission of...are due and payable as provided for under Texas law and the Rules of the Division, as currently adopted and published at 28 TAC § 134.400, *et. seq.*, as well as the FOCUS contract."

Amount in Dispute: \$36,731.58

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary Dated January 18, 2008: "The Requestor seeks additional reimbursement under the Acute Care Inpatient Hospital Fee Guidelines. The Requestor has invoked the Stop-Loss provision of Rule 134.401 and seeks additional reimbursement in the amount of \$36,731.58 for a one-day overnight inpatient stay for a cervical fusion...The Requestor has failed to justify its significant costs associated with the inpatient stay and the excessive costs of its supplies and/or durable medical equipment. The Requestor has failed to provide the base costs of its fees. Additionally, the medical documents fail to show that extensive services were provided during the hospital stay...The Requestor has failed to provide any basis for any 'usual and customary' fees it charges for these services. Respondent has paid a fair and reasonable rate for the services provided. Respondent has paid according to the Fee Guidelines. No additional reimbursement is owed."

Response Submitted by: Harris & Harris on behalf of Old Republic Insurance Company

Respondent's Supplemental Position Summary Dated January 21, 2008: "Requestor billed a total of \$58,967.53. The Requestor asserts it is entitled to reimbursement in the amount of \$44,225.65, which is 75% of the total charges...Medical bills in excess of \$40,000 do not automatically qualify for stop-loss reimbursement...The stop-loss methodology may be allowed, but only if the \$40,000 threshold of 'audited charges' is exceeded and then only 'on a case-by-case' basis. *Id.* Here, the initial \$40,000 threshold has **not** been exceeded."

FINDINGS AND DECISION

This **amended** findings and decision supersedes all previous decisions rendered in this medical payment dispute involving the above requestor and respondent.

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305 and §133.307, 31 *Texas Register* 10314, applicable to requests filed on or after January 15, 2007, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.
3. 28 Texas Administrative Code §134.1, 31 *Texas Register* 3561, effective May 2, 2006, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of a contract or an applicable division fee guideline.

The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of Benefits

- 45 – Charges exceed your contracted/legislated fee arrangement.
- W1 – Workers Compensation State Fee Schedule Adjustment.

Issues

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 *Texas Register* 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 *South Western Reporter Third* 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The division received supplemental information as noted in the position summaries above. The supplemental information was shared among the parties as appropriate. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges ***in this case*** exceed \$40,000; whether the admission and disputed services ***in this case*** are unusually extensive; and whether the admission and disputed services ***in this case*** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that "Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection..." 28

Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states “to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold.” Furthermore, (A)(v) of that same section states “Audited charges are those charges which remain after a bill review by the insurance carrier has been performed.” Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$58,967.53. The division concludes that the total audited charges exceed \$40,000.
2. The requestor in its position statement presumes that it is entitled to the stop loss method of payment because the audited charges exceed \$40,000. As noted above, the Third Court of Appeals in its November 13, 2008 opinion rendered judgment to the contrary. The Court concluded that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved...unusually extensive services.” The requestor failed to demonstrate that the particulars of the admission in dispute constitute unusually extensive services; therefore, the division finds that the requestor did not meet 28 Texas Administrative Code §134.401(c)(6).
3. In regards to whether the services were unusually costly, the requestor presumes that because the bill exceeds \$40,000, the stop loss method of payment should apply. The Third Court of Appeals’ November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must **demonstrate** that an admission involved unusually costly services thereby affirming 28 Texas Administrative Code §134.401(c)(6) which states that “Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.” The requestor failed to demonstrate that the particulars of the admission in dispute constitutes unusually costly services; therefore, the division finds that the requestor failed to meet 28 Texas Administrative Code §134.401(c)(6).
4. 28 Texas Administrative Code §134.401(b)(2)(A) titled General Information states, in pertinent part, that “The basic reimbursement for acute care hospital inpatient services rendered shall be the lesser of:
 - (i) a rate for workers’ compensation cases pre-negotiated between the carrier and the hospital;
 - (ii) the hospital’s usual and customary charges; and
 - (iii) reimbursement as set out in section (c) of this section for that admission

In regards to a pre-negotiated rate, the services in dispute were reduced in part with the explanation “Charges exceed your contracted/legislated fee arrangement.” No documentation was provided to support that a reimbursement rate was negotiated between the workers’ compensation insurance carrier Old Republic Insurance Co. and Twelve Oaks Medical Center prior to the services being rendered; therefore 28 Texas Administrative Code §134.401(b)(2)(A)(i) does not apply.

In regards to the hospital’s usual and customary charges in this case, review of the medical bill finds that the health care provider’s usual and customary charges equal \$58,967.53.

In regards to reimbursement set out in (c), the division determined that the requestor failed to support that the services in dispute are eligible for the stop-loss method of reimbursement; therefore 28 Texas Administrative Code §134.401(c)(1), titled Standard Per Diem Amount, and §134.401(c)(4), titled Additional Reimbursements, apply. The division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.

- Review of the submitted documentation finds that the services provided were surgical; therefore the standard per diem amount of \$1,118.00 per day applies. Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that “The applicable Workers’ Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission.” The length of stay was one day. The surgical per diem rate of \$1,118.00 multiplied by the length of stay of one day results in an allowable amount of \$1,118.00.
- 28 Texas Administrative Code §134.401(c)(4)(A), states “When medically necessary the following services indicated by revenue codes shall be reimbursed at cost to the hospital plus 10%: (i) Implantables (revenue codes 275, 276, and 278), and (ii) Orthotics and prosthetics (revenue code 274).” Review of the requestor’s medical bill finds that the following items were billed under revenue code 278 and are therefore eligible for separate payment under §134.401(c)(4)(A):

- A review of the submitted medical bill indicates that the requestor billed revenue code 278 for Implants at \$21,542.50.
- The Division finds the total allowable for the implants billed under revenue code 278 is:

Description of Implant per Itemized Statement	Quantity	Cost per Unit/ Invoice	Cost + 10%
48mm Vectra Cervical Plate	1	\$1,670.00/each	\$1,837.00
40X16mm Self Drill Fixed Screw	5	\$260.00/each	\$1,430.00
4.5 X16mm Self Drill Fixed Screw	4	\$303.00/each	\$1,333.20
4.5 X14mm Self Drill Fixed Screw	1	\$303.00/each	\$333.30
51mm Vectra Plate	1	\$1,670.00	\$1,837.00
TOTAL	12		6,770.50

The total reimbursement set out in the applicable portions of (c) results in \$1,118.00 + \$6,770.50, for a total of \$7,888.50.

Reimbursement for the services in dispute is therefore determined by the lesser of:

§134.401(b)(2)(A)	Finding
(i)	Not Applicable
(ii)	\$58,967.53
(iii)	\$7,888.50

The division concludes that application of the standard per diem amount and the additional reimbursements under §134.401(c)(4) represents the lesser of the three considerations. The respondent issued payment in the amount of \$7,494.07. Based upon the documentation submitted, additional reimbursement of \$394.43 can be recommended.

Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to demonstrate that the disputed inpatient hospital admission involved unusually extensive services, and failed to demonstrate that the services in dispute were unusually costly. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in additional reimbursement .

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$394.43 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
